**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We picked a competitive local provider for our internet because they do a great job, they provide excellent service, they provide many jobs in the local community and they provide competition in the area where without them we would have only 2 giants in the industry dictating prices to us.

Do not let the big guys raise our prices at their will! Keep the industry honest by supporting broadband competition! Broadband is extremely important to many of us in the real estate industry. Our industry and many others will be hurt if you take the easy way out and give the big guys the opportunity to eliminate the competition.
